Re. Nina support to GSD1b research

Enclosure(s) -
Ref. TD

To whom it may concern:

This is to certify that the University Medical Center of Groningen has received a total amount of 4456 Euro from the Contreras D'Agosto Family which have been used to support the research on Glycogen Storage Disease type 1b.

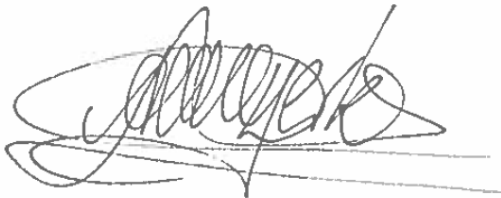

We are grateful to Nina Contreras D'Agosto and all her supporters and donors for the awareness they raise about GSD1b and the support they provide to GSD1b research to continue improving the lives of patients and families impacted by this condition.

Kind regards,

Terry G. J. Derks, MD, PhD

Consultant pediatric metabolic medicine, associate professor

University of Groningen, University Medical Center Groningen
